

# LASER PREMIUM SYSTEM PROCESS CHART

## FOR ALL PAINT SYSTEMS

### PERFECT CUT

ALL IN ONE COMPOUND

STAGE 1 CUT

AND

STAGE 2 FINISH

An easy to use "one for all" polishing compound  
 Keeps its cutting edge due to **SELF-SHARPENING PARTICLE TECHNOLOGY**  
 Removes sanding marks up to P1500  
 Can be used on large surfaces  
 Suitable for all modern types of paint  
 Used for both the cutting- and the finish stage  
**by simply changing the polishing pad**  
 Contains no silicone or wax, polishing out instead of filling scratches

Art. No. 49911 500 g    Art. No. 49901 1 kg

### PERFECT FINISH

ANTI HOLOGRAM/SWIRL

STAGE 2 FINISH

A dedicated swirl remover for a professional finish  
 Removes swirl marks in a quick and effective manner  
 Specially designed to give the finishing touch to dark colored paint coats  
 Easy application and wipe-down  
 Contains no silicone or wax, polishing out instead of filling scratches

Art. No. 49902 500 g

### PERFECT SHINE

SHINE+PROTECT

STAGE 3 PROTECT

The perfect product to bring the luster back to any cars paint job  
 Provides a quick and lasting shine  
 Will form a durable, water repellent layer that gives excellent protection and still allows fresh paint to breathe  
 Good filling capabilities help remove light holograms for a flawless finish

Art. No. 49903 500 ml
