

TECHNICAL DATA SHEET

Revision date: 04.08.2022

POWER GRIP GLOVES

Article number: 48904, 48905, 48906

Colour: orange

General characteristics:

Power grip nitrile gloves are very flexible, silicone-free, unpowdered disposable nitrile gloves which prevent skin irritation and can be worn by left as well as right handed people. Show an increased solvent resistance and assure optimal skin protection both for preparation work and while spraying. These gloves have a special diamond structure on the fingertips for an excellent grip. They enclose the hand without a seam, the fingers are sensitive to touch to ensure more precision for delicate work i.e. with a spray gun. The usual precautionary measures are to be adhered to when handling chemicals.

Properties

- heavy-duty
- ultra strong
- grip wet, dry and oily
- extra thick

Suitable for

- engineers
- agriculture
- general use
- mechanics

EN ISO 374-1:2016 tested
EN ISO 374-4:2019 tested
EN ISO 374-5:2016 tested

Non-sterile
For single use only

Storage:

Store away from foodstuffs. Protect from heat and direct sunlight. Store in dry conditions

This release replaces all eventually earlier issued versions.
